### Glossary of Insurance and Medical Billing Terms

#### C

**Capitation**
A payment methodology in which the physician is paid a set dollar amount determined by per member per month calculation to deliver medical services to a specified group of people.

**CCS**
California Children Services – A state program for children with certain diseases or health problems.

**CHDP**
Child Health and Disability Prevention Program – A preventive program that delivers periodic health assessments and services to low income children and youth in California.

**Claim Response Report**
Palmetto GBA’s GPNet Claim Acceptance Response Report. This report is available for download immediately after claims submission. Report includes total claims submitted, accepted or rejected with error messages.

**Clearinghouse**
A company that, for a fee, electronically receives batches of claims from providers or billing centers and retransmits the data electronically to the designated payers. There is a contractual financial relationship between the clearinghouse and the payer.

**CMS**
Centers for Medicare & Medicaid Services – Formally known as HCFA, CMS is responsible for oversight of HIPAA administrative simplification transaction and code sets, health identifiers, and security standards.

**CMS 1450**
UB-04 Uniform Bill formally known as UB-92 used for Institutional billing

**CMS 1500**
The standard claim form used by health plans on which to consider payment to the medical provider

**COB**
Coordination of Benefits – The process to determine the obligation of payers when a patient is covered under 2 separate health care plans to avoid duplicate payments for a single service or procedure.

**COBRA**
Consolidated Omnibus Budget Reconciliation Act – Health insurance coverage that you can purchase when you are no longer employed, or awaiting coverage from a new insurance plan to begin.

**Contractual Adjustment**
A part of the charge that the provider or hospital must write off (not charge the patient) because of billing agreements with the insurance company.

**Co-Pay**
The portion of a claim that a member must pay out-of-pocket.

**CPT Code**
Current Procedural Terminology – A 5-digit code used for describing the specific items and services provided in the delivery of health services. Also known as a Procedure Code.
Glossary of Insurance and Medical Billing Terms

D

Deductible: The amount an insured member must pay before the insurance company begins covering health care costs.

DHS: Department of Health Care Services for California, www.dhcs.ca.gov

Diagnosis Code: ICD-9 code used to describe illness, injury or diseases

DME: Durable Medical Equipment

DOS: Dates of Service — The date(s) when a patient was treated.

E

EDI: Electronic Data Interchange

EFT: Electronic Funds Transfer — A paperless computerized system enabling funds to be debited, credited, or transferred from the payer.

EIN: Employer Identification Number — Also known as Tax Identification Number (TIN)

EMR: Electronic Medical Records — Medical record in electronic format.

EOB: Explanation of Benefits — Details regarding how your insurance company processed medical insurance claims, explains what portion of a claim was paid to the health care provider and what portion of the payment.

EPSDT: Early and Periodic Screening, Diagnosis, and Treatment — A Medi-Cal program for individuals under the age of 21 who have full-scope Medi-Cal eligibility. This program allows for periodic screening to determine health care needs.

ERA: Electronic Remittance Advice — Electronic file supplied by the payer to outline payment for submitted claims. Also known as an 835 file.
Glossary of Insurance and Medical Billing Terms

F

Fee for Service  A method of payment for medical services rendered

Fee Schedule  A list of CPT codes and dollar amounts an insurance company will pay for a particular medical service

Formulary  List of prescription drugs cost of which an insurance company will reimburse, or those that will provided free under a scheme.

G

GPNet  The EDI gateway to Palmetto GBA

H

HCPCS  Healthcare Common Procedure Coding System – 5-digit alphanumeric set of procedure codes based on the AMA CPT codes. A standardized medical coding system for describing the specific items and services provided in the delivery of health services. Also known as a Procedure Code.

HIPAA  Health Insurance Portability and Accountability Act. This federal act sets standards for protecting the privacy of your health information.

HL7  Health Level Seven – A data exchange protocol and interface for medical records and billing software that allows different systems to interoperate.
